The Transformative Yoga Experience

ACME FEED & SEED CLASSES

101 Broadway, Nashville, TN 37201 (at 1st Ave S)
615-297-8797 | sanctuaryforyoga.com

Classes Hosted Late Spring to Early Fall
Next Classes Start April/May 2019

CLASS LEVELS

All Levels

These classes are designed to accommodate all experience levels in one class. These moderately paced classes offer modifications and variations suitable for new beginners to advanced students. Suitable for ALL students.

Level 1 - Brand New & Continuing Beginners

Designed for beginners, these classes provide a safe environment and are suitable for anyone to experience the benefits of yoga and learn the basics. Focus is on the correct alignment of basic postures within one's own body and basic transitions between postures. No experience or flexibility required.

Level 1/2 - Advanced Beginners & Intermediate

These classes are for both continuing beginners and students who are ready to step up the pace to build strength, increase flexibility, and breath awareness. Through more advanced variations of our Level 1 classes and a more vigorous pace, a wider range of poses, transitions and sequences will be introduced. Open to all levels including beginners with a solid understanding of the basics.

Level 2/3 - Intermediate & Advanced Students

For students with an on going practice, these classes offer a more challenging practice to help you go deeper by working on more advanced postures and methods of practice. Recommended for students with at least 12 months consistent practice. Not suitable for beginners.

Mixed Level

These varied paced, more vigorous classes are designed to accommodate a variety of experience levels in one setting. Modifications are given for easier variations of postures as well as invitations to experience more intermediate or advanced forms of a pose. Not suitable for new beginners.

Pre-Natal

We welcome all our friends who are experiencing the amazing and wonderful adventure of pregnancy to Sanctuary. All Sanctuary teachers are versed in making appropriate modifications or adjustments to the flow of the class to accommodate you. You are welcome to join any class which suits your current level of yoga ability/practice.

Memberships and Student Pricing Available

CLASS STYLES

(see website for full descriptions)

Sanctuary Vinyasa Flow

Our signature style integrates breath and movement, inner and outer alignment, strength and flexibility accompanied by music for a rejuvenating and balancing effect. The classes are ritual flowing journeys that respond to the changing needs of life by infusing the highest quality of teaching with a transformative approach to yoga.

Anjali Restorative Yoga

Anjali Restorative Yoga is a rich practice of deep and meditative support, both physically and emotionally. The practitioner is held by bolsters, pillows and blankets for sustained periods of time in deeply rejuvenating postures.

Candlelight Flow

Peel away the layers of your day as you melt into your mat surrounded by the gentle glow of candlelight. Music and the movement of your body in deep connection to your breath will heal, transform and awaken your heart while de-stressing your mind. Low to moderate intensity, all levels welcome!

Dharma Yoga

A challenging and physically absorbing vinyasa series created by Sri Dharma Mittra, which reintegrates and facilitates the flow of prana into all areas of the physical, metabolic, intuitive and bliss bodies.

Early Morning Flow

This early morning transformative flowing class is designed to cleanse the body of tension and leave you feeling energized and alive; all without that morning 'cup of joe'.

Lunch Hour Flow

A Sanctuary signature favorite with a new name. Our version of a high powered lunch will restore, revitalize, and renew your body and spirit. A strong flowing class that gives you the fuel you need for the rest of your day.

Slow Flow

Providing the same transformative benefits as our signature Sanctuary Vinyasa Flow class but with a slower pace. A foundational flowing practice that is challenging in it's own way. A perfect class for beginners or anyone who wants to slow things down while continuing to grow in their practice.

Slow Flow + Restorative

This slower paced class provides all the benefits of our signature Sanctuary Vinyasa Flow classes with the added benefit of Restorative postures to end the session. A foundational flowing series warms and opens the body to receive the rejuvenating power of postures supported with bolster, blankets and/or blocks.

Super Gentle

Mild and meditative 45 minute slow flow class for all shapes and sizes, utilizing props and breath-work, and encouraging self acceptance and laughter. No experience preferred, all are welcome. Join us!

Yin Yoga

Yin Yoga uses long, passive holds, 3-10 minutes, to work on the deep, dense connective tissues of the body, which are difficult to energize and open.

Yoga Brunch (Seasonal at ACME)

These mid-morning transformative flowing classes are designed to cleanse the body of tension through breath inspired movement which leaves you feeling energized and alive; just the way you should feel on a weekend morning.
